Envision™ is a planning and design guide that creates public confidence in the process of civil infrastructure development. It is a holistic framework for evaluating and rating the community, environmental and economic benefits of infrastructure projects. Envision™ can be used to meet or exceed sustainability goals, evaluate environmental benefits, guide decisions about scarce economic resources, and assess costs and benefits over a project's expected life cycle. Universally accessible: Envision™ can be used to design civil and private infrastructure projects (other than buildings) of all types, sizes, complexities and locations. Envision™ has 60 credits arranged into 5 credit categories:

- Quality of Life
- Leadership
- Resource Allocation
- Natural World
- Climate and Risk

Envision™ Sustainability Professionals (ENV SPs) are trained and credentialed in the use of Envision™. They work on the project team on behalf of the design firm, contractor, or infrastructure owner to guide the team to achieve higher levels of sustainability and to document project sustainability accomplishments. An ENV SP must be involved in a project for it to be eligible for an ISI award.

**Envision™ Sustainable Infrastructure Rating System**

**Project Application**

**Project Design and Verification**

- **Project Planning and Design**
- **Envision™ Self-Assessment**

- **Registration**
- **Assessment**
- **Verification**
- **Authentication**
- **Recognition**
- **Award**

**Timeline driven by project team**

**Verification Process - 90 days**

---

**Verification**

- Independent review helps rate payers and voters have confidence that the project has good value
- Enables projects to become eligible for ISI awards
- Projects do best if they include Envision™ early in the design process
- Easy to use, online process
- Project team drives the planning, design, and project assessment
- ISI's Verification process takes 90 days to complete

---

**Envision™ Awards**

Projects must meet a minimum percentage of points to be eligible for awards.

<table>
<thead>
<tr>
<th>Recognition Level</th>
<th>Total Applicable Points (%)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bronze Award</td>
<td>20</td>
</tr>
<tr>
<td>Silver Award</td>
<td>30</td>
</tr>
<tr>
<td>Gold Award</td>
<td>40</td>
</tr>
<tr>
<td>Platinum Award</td>
<td>50</td>
</tr>
</tbody>
